**Technical details**

Address: Malmö Airport

Number: 1

Description of location:

Backlit outdoor billboard at the exit from the airport.

Type of sign:

Backlit outdoor billboard.

Final dimensions incl. folded 100 mm channels all around: 6080 x 3080 mm

The white 100 mm channels, plus an additional 100 mm on all sides, will be hidden behind the lightbox and will not be visible. This means that approximately 40 cm in total (width and height) will not be seen, so generous margins should be considered when preparing the artwork.

100 mm channels are sewn on all sides. Vertical channels are sealed at the bottom.

The remaining channels will be opened on site by the installation team.

Rolled on a solid core..

Production:

Since it is complicated to produce this product, production may only be carried out by a printing firm with enough knowledge about these systems. Contact Swedavia for further information.
