Guest appearance of Airbus A319 aircraft type on the route between Bromma Stockholm Airport and Brussels

As of the winter timetable, Brussels Airlines will serve the Bromma Stockholm-Brussels route using the Airbus A319 aircraft type.

The A319 is certified to meet the stringent noise level requirements at Bromma Stockholm Airport. Preparing itself for the winter season, Brussels Airlines will in the evening of Friday, July 6th, 2018 operate for the first time ever a Brussels-Bromma Stockholm-Brussels rotation with an Airbus A319.
